## **EXAMINER'S COMMENT AND STATEMENT OF REASONS FOR ALLOWANCE**

### ***Comment on Submissions***

1. The response filed 28 September 2004 has been entered.

### ***Specification***

2. The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

### ***Allowable Subject Matter***

3. Claims 40-55 are allowed.
4. The following is an examiner's statement of reasons for allowance:

The claims are considered allowable in view of the reasons of record as presented by applicant in the response filed 28 September 2004. The examiner also notes that, in view of applicant's arguments regarding a "side face", the meaning of the term "side face" (i.e., a face as consistent with Fig. 12 for example and oriented such that the light source is not subject to irradiation by radiation transmitted from the radiation source through the photoelectric conversion elements) is no longer considered indefinite.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
